

“A good year is determined by its spring.” Children are growing unconsciously because they are like the flowers and trees growing quickly in the spring. All the parents and teachers should encourage their learning and accompany with their childhood.

We will share what we did in the April and announce our plan in May in the following pages.

Goodbye to Maria & Serena

Time flies, we have to say goodbye to Maria & Serena. We hope they will have a glorious future. Best wishes to them!
